

# Motorcycle Action Group – New Zealand

The **Motorcycle Action Group of New Zealand** is a not for profit organisation formed to preserve and protect motorcycling in New Zealand.

As an organisation we are committed to upholding biker's freedoms, and resisting the imposed restrictions and laws which impede those freedoms.

What we want:

- Reduction of ACC Levies in line with cars
- Removal of the CC rating based levy
- Removal of the \$30 Motorcycle Safety Levy – which will see the end of the Motorcycle Safety Advisory Council
